Mission

The Student Peace Awards of Frederick County draw attention to work being done in our community to promote the values of peacemaking, conflict resolution, and respect for all people. The awards honor high school seniors who have demonstrated outstanding compassion, creativity, and commitment. Awardees will be selected based on their efforts to:

- commit to peace by engaging in activities that strive to end conflict locally or globally;
- discuss or find positive resolution to potentially controversial issues within the school or community;
- promote understanding to bridge language, ethnic, racial, religious or class differences;
- resolve conflicts among students or members of the community who feel isolated or alienated.

In choosing awardees, the focus will be on actions, activities and projects, not on written essays. The hope is to honor students who are truly helping to make our world a better place.
